International Sustainability and Carbon Certification

ISCC RFNBOs Training – Renewable Fuels of Non-Biological Origins

November 20, 2024, Live Online, Germany

issued to

Malick Diaw

TONTARELLI LUX S.A

This document confirms the successful participation in the ISCC RFNBOs Training. The seminar covered the following ISCC System components:

- System Overview
- Legislative Framework for RFNBOs
- Rules of Renewable Electricity Sourcing
- Traceability and Chain of Custody in RFNBO supply chains
- GHG methodology for RFNBOs
- GHG emissions savings calculations for RFNBOs

This document does not entitle auditors to conduct ISCC audits. For auditor requirements please see ISCC EU Document 103 – Requirements for Certification Bodies and Auditors.*

Andreas Feige
ISCC System GmbH

Dr. Norbert Schmitz
ISCC System GmbH

*This document does not entitle auditors or auditors in training to conduct ISCC audits and only confirms the participation in the ISCC RFNBOs Training. Besides the prerequisites stated in System Document 103, inter alia, the successful completion of the ISCC Basic Training and the respective ISCC Auditor Online Tests are strictly required.
